OBJECTIVE

Seeking position as **Technical Intern**

PROFESSIONAL SUMMARY

Computer science student with a strong theoretical foundation in data structures and algorithms and formal exposure to programming concepts through coursework and a technical internship. Demonstrated ability to learn quickly in structured environments, including selection for a performance-based stipend. Actively building practical skills toward backend software development.

WORK EXPERIENCE

Technical Intern

Jun 2025 - Aug 2025

SKLZ TECT LLP

World College of Technology & Management

- Gained structured technical exposure through a supervised internship program focused on applied programming and problem-solving
- Worked with data-centric programming tasks and followed guided implementation workflows as part of the training curriculum
- Awarded performance-based stipend after ranking in the top 5% of trainees based on technical evaluation

EDUCATION

Bachelor of Technology in Computer Science (Specializing in Artificial Intelligence & Data Science)

Sep 2023 - Jul 2027

World College of Technology & Management

GPA: 8

SKILLS

Technical: Java (core concepts, OOP, debugging), Python (basic scripting), Data Structures & Algorithms (theory + implementation), Object-Oriented Programming, SQL (learning), Git/GitHub, IntelliJ IDEA, VS Code, Basic Django (training exposure)

Soft Skills: Strategic Problem-Solving, Leadership, Clear Communication, Adaptability, Collaborative Teamwork, Emotional Intelligence, Time Management

Languages: Hindi (Native), English (Intermediate), Spanish (Beginner)

PROJECTS

InstaStudy - Static Educational Web Interface

Designed and developed a static educational website using semantic HTML and responsive CSS Focused on layout structure, visual hierarchy, and clean UI presentation Created for college TechFest presentation as part of frontend development coursework

Technologies: HTML, CSS

AWARDS & HONORS

Trivia Quiz Winner

7 April 2025

World College of Technology & Management

Performance-Based Stipend

6 August 2025

SKLZ TECT LLP

VOLUNTEER EXPERIENCE

Team Leader

World College of Technology & Management

Led a 6-Member team to victory in a competitive trivia quiz and answered 90% of the questions for my team

SIH Team Leader

World College of Technology & Management

Led a team for the internal hackathon and guided collaborative efforts on problem-solving and prototype development

Project Leader

World College of Technology & Management

Coordinated a small team to design and develop a static educational website (HTML & CSS)
